The diagram illustrates a class hierarchy. At the top is a box labeled 'CPUBUSClass'. Below it, a horizontal line connects three boxes: 'Cpubus_Direct', 'Cpubus_I2C', and 'Cpubus_SPI'. A vertical line with an upward-pointing arrowhead connects the center of this horizontal line to the bottom of the 'CPUBUSClass' box. Three vertical dots are positioned on this line, just above the arrowhead, indicating that there are more classes in the hierarchy than are explicitly shown.
